

Accessing St Mary of the Angel's PAM

If you have a child who studies a subject at St Mary's, for those subjects, you will need to access SMOTA's PAM. <http://pam.smotanathalia.catholic.vic.edu.au>

Our PAM and SMOTA's PAM work independently from one another. We have kept your Username the same for both systems, and initially, your temporary password. It is important to then update your password and email address on BOTH PAM sites to allow continued access.

If you updated your password and email address on our PAM and then disposed of your temporary password, and can't gain access to SMOTA's PAM, please contact Nathalia Secondary College's office.

If you have any problems logging onto EITHER of the PAM sites, please contact OUR school office on 58662331 for further details.
