

Nathalia Secondary College Acceptable Use Agreement for Ultranet, internet and digital technologies

Nathalia Secondary College believes the teaching of cybersafe and responsible online behaviour is essential in the lives of students and is best taught in partnership between home and school.

21st century students spend increasing amounts of time online, learning and collaborating. To be safe online and to gain the greatest benefit from the opportunities provided through an online environment, students need to do the right thing by themselves and others online, particularly when no one is watching.

Safe and responsible behaviour is explicitly taught at our school and parents/carers are requested to reinforce this behaviour at home.

Some online activities are illegal and as such will be reported to police.

Part A - School support for the safe and responsible use of digital technologies

Nathalia Secondary College uses the Ultranet, internet and digital technologies as teaching and learning tools. We see the internet and digital technologies as valuable resources, but acknowledge they must be used responsibly.

Your child has been asked to agree to use the Ultranet, internet and mobile technologies responsibly at school. Parents/carers should be aware that the nature of the internet is such that full protection from inappropriate content can never be guaranteed.

At **Nathalia Secondary College** we:

- have policies in place that outline the values of the school and expected behaviours when students use digital technology and the internet
- provide a filtered internet service
- provide access to the Department of Education and Early Childhood Development's search engine Connect, www.education.vic.gov.au/secondary which can be used to direct students to websites that have been teacher recommended and reviewed
- provide supervision and direction in online activities and when using digital technologies for learning
- support students in developing digital literacy skills
- have a cybersafety program at the school which is reinforced across the school
- use mobile technologies for educational purposes (e.g. podcasts or photos from excursions)
- provide support to parents/carers to understand this agreement (e.g. language support)
- provide support to parents/carers through information evenings and through the document attached to this agreement for parent to keep at home
- work with students to outline and reinforce the expected behaviours in the Ultranet*.

* The Ultranet is a password protected online learning space for all Victorian Government school students. In this space your child will be able to use tools to communicate and collaborate with other students and be able to access learning activities both at school and at home. The Ultranet will be active at **Nathalia Secondary College** from 23rd August 2010.
