## Senior School

**There is a booklist of textbooks and digital learning resources for VCE classes.**

This list has the requirements listed for all subjects offered at Nathalia Secondary College and St Mary of the Angels Secondary College.

The Booklist is available online, and orders can be placed by accessing the link provided on the NSC website.

Our Booklist provider is **Campion Education**.

Their store is located at 13 Telford Drive, Shepparton.

## **Personal Shopping**

You can go to the Telford Drive shopfront and purchase your books and supplies however, Campion Education can't guarantee that all items will be in stock. The store can also be very busy.

Many eBooks can **only** be ordered online. The information is on the booklist.

## **Stationery**

Stationery requirements can be ordered using the booklist. You may also purchase stationery items from any other supplier, including the Nathalia Post Office. Extra pens, pencils and binder books may also need to be purchased during the year, as required by students. Individual VCE subjects may ask students to have specific stationery. Teachers will advise students of this.

## **VCAL**

Students are recommended to have basic stationery items, including a calculator. They may prefer to have a 5 subject notebook instead of using individual binder books.

## Years 7-10

**There is a booklist for students in Year 7 and Year 8.**

**This is for the Maths textbooks and a calculator.**

**There are no set texts for student in Years 9-10; there is no booklist.**

The suggested stationery requirements can be purchased at any store.

Campion Education do stock all of the items and you can shop in person at their Telford Drive store, however it can be very busy and has some days set aside for handling orders from individual schools.

Nathalia Post Office stock a full range of stationery items, including all on this list.

| Suggested Items                 | Quantity | Expected Requirement   |
|---------------------------------|----------|--|
| A4 Binder Books (96page)        | 10       | At least 1 for each subject, and may need more for Semester 2        |

| Black Fineliner (0.4mm)         |          |  |
| Highlighter                     |          |  |

## TECHNOLOGY DEVICES

In 2022 NSC are recommending laptops for year levels 7-12.

- LWT's Purchasing Portal is available now: <http://nathaliasc.orderportal.com.au>
- The recommended models are shown, including specifications and prices, on the portal webpage.
- **Laptops purchased (new or second hand) outside of LWT's Purchasing Portal will not be connected to our school network.**

For more detailed information regarding ICT at NSC in 2022 please refer to our school website, under Student Laptops.

## **CALCULATORS**

The specified scientific calculator for students in **Years 7-10** is:

### **Texas TI-30XBM multi-view**

- Purchase using the Maths Booklist for Year 7 or Year 8
- Can be purchased directly from the Campion Education Store at 13 Telford Drive, Shepparton (P-code: P55278)
- Can be purchased directly from any other store

For **Year 10, 11 and 12** students the graphics calculator is:

### **Texas TI-Nspire CX II CAS touchpad**

- Order via the VCE booklist
- Or
- Order and pay at the office to be part of a bulk order.
  - Buy second hand from past students.

Graphics calculators are required by senior students intending to include General, Methods or Specialist Maths in their Year 11/12 program.

Our bulk order price depends on how many orders are placed.

## **Other Items**

At times there are other items required for individual subjects. These might include items for technology classes, drama or for special projects. Teachers will advise if other items are required.

If you have any questions regarding the purchase of books and stationery please contact the school office or the booklist coordinators, Melissa Herezo or Sue Heberle.
